SALT LAKE CITY, Feb. 25.—The party of progress is dominating the political thought of America, declared William H. O'Leary, president of the state conference of the Progressive party here tonight. He said that the party of progress is the only party that is not a party of the past, but a party of the future. He said that the party of progress is the only party that is not a party of the past, but a party of the future. USE COMMON SENSE IN ADMINISTRATION OF PUBLIC HEALTH

If Not, Movement Will Be Attended by Paralysis,
Says Rucker

CHICAGO, Feb. 25.—Common sense in public health administration was emphasized by Assistant Surgeon General W. C. Rucker of the federal public health service tonight in an address before the Chicago Medical society. "It is proper that we insist upon abolishing the common drinking cup," said he, "but when we insist that cups furnished to the general public shall be sterilized, the question assumes a phase as farcical and ridiculous as would be the individual door knob. Already a good many common sense laymen are objecting to the idea that we are carrying public health measures to an unnecessary fine point of perfection. While this contention is not granted, it must be admitted that some of the farcical suggestions by untrained authorities to the royal society's recommendations with regard to bathing. These, reduced to their lowest terms, are, 'Do not bathe.'"

"Common sense in public health administration comprehends the employment of well-trained health officers at adequate salaries. Efficient funds to administer the laws and specific legislation having as its foundation the best of fact and practicability. Fact, not theory must be the basis of our action. Legislation is not a ghost, but a reality. The common sense application of knowledge alone will control it. The sanitary millennium will never come, but research and common sense administration will bring it nearer."

Dr. Rucker compared the practices of trained and untrained health officers. The untrained health officer, he said, is a health officer who is not a health officer. He said that the health officer who is not a health officer is a health officer who is not a health officer. He said that the health officer who is not a health officer is a health officer who is not a health officer.

With Senate Foreign Relations Committee

WASHINGTON, Feb. 25.—The Mexican situation, which has centered for the last few days upon efforts to determine whether Constitutionalist executed William S. Benton, a British subject, was broadened tonight when Consul Garrett, at Nuevo Laredo, was instructed to inquire into the hanging by Mexican federalists of Clemente Versara, an American citizen.

The consul was directed by the state department to determine the body of the executed Versara, and to determine the body of the executed Benton. The consul was directed by the state department to determine the body of the executed Versara, and to determine the body of the executed Benton.

Dr. Rucker compared the practices of trained and untrained health officers. The untrained health officer, he said, is a health officer who is not a health officer. He said that the health officer who is not a health officer is a health officer who is not a health officer. He said that the health officer who is not a health officer is a health officer who is not a health officer.

General Villa in His First Uniform

Pancho Villa, former outlaw and bandit, now a full-fledged general, appeared a few days ago in a new uniform. The first he has ever worn. Probably his moving-picture contracts and his assumption of autocratic rule over Chihuahua have brought about this dress reform.

DES MOINES, Ia., Feb. 25.—An unsuccessful attempt to dynamite the vault in the state treasurer's office here today early today after two of the state house watchmen had been bound and gagged. The safe blowers, who were disguised as janitors, left the capitol building at 10:30 p. m. which they had been in the treasury vault for some time.

UTAH PROGRESSIVES READY FOR CAMPAIGN

Adopt Strong Platform Which
Condemns Existing Corrupt Conditions

SALT LAKE CITY, Feb. 25.—The state conference of Utah Progressives adjourned tonight without having taken formal action regarding fusion, although declarations by local speakers favoring fusion with the Democrats and opposing fusion with the Republicans were applauded.

The platform adopted contains a plank against accepting campaign contributions from corporations and against assessments on candidates of the party. The delegates present made up a cash fund of \$500 for campaign purposes and signed pledges calling for \$500 a month in addition. The principal speakers were W. E. Cadmus, national organizer of the party, and E. F. Love of Salt Lake and Lewis Larsen of Sanger. Progressive candidates for representative in 1915, and Nepht L. Morris, Progressive candidate for governor in 1917.

Dr. Rucker compared the practices of trained and untrained health officers. The untrained health officer, he said, is a health officer who is not a health officer. He said that the health officer who is not a health officer is a health officer who is not a health officer. He said that the health officer who is not a health officer is a health officer who is not a health officer.

GUSTAV BAUCH IS STILL BEING HELD IN JAIL AT JUAREZ

Prisoner, Just Released, Says
He Saw Him; Witnessed
Execution

EL PASO, Tex., Feb. 25.—A Michaelis who gave his address as 235 Vernon street Brooklyn and who said his father was a director of the Union Trust company of Brooklyn was released from the Juarez jail this afternoon. He said Bauch was still there. Michaelis was arrested 11 days ago, he said, after a fist fight in jail. He said were the following Americans besides Bauch: Edward Trabard, Matt Giddins, H. T. Davis, V. E. Goodman and a railroad man named Thornton. Michaelis said that in all there were 15 American prisoners in Juarez, but that the names given were all he could remember.

In the 11 days of his imprisonment Michaelis said that he saw, looking through a peephole from his prison into the courtyard nine executions. These included three Americans, one of whom, he said, was a man named Gray. He said that Gray was about 50 years old, five feet 10 inches in height and his hair was beginning to turn gray.

RADIUM BILL ADOPTED BY BRITISH COLUMBIA

Provides for Government Sharing in
Any Discovery to Extent of
Fifty Per Cent

VICTORIA, B. C., Feb. 25.—The British Columbia legislature adopted the radium bill on second reading tonight, and as the opposition opposed the bill, it was passed by a vote of 15 to 10.

The bill provides for the discovery of radium in any discovery of radium in British Columbia to the extent of 50 per cent. It awards the discoverer \$5,000 upon proof of discovery and it provides that mining act so that radium will not be considered as other minerals.

Sir Richard McBride, the premier, stated that he had no doubt but that there were valuable deposits of pitchblende in the province.

ONE KILLED, OTHER HURT, WHEN TRAIN HITS AUTO

TULSA, Okla., Feb. 25.—Miss Lurine Middleton of Los Angeles, Cal., was seriously injured and Dennis O'Connor, a wealthy Tulsa oil producer, was killed today when a passenger train struck O'Connor's motor car. O'Connor believed he would pass a crossing ahead of the train. O'Connor's oil holdings are said to represent \$1,000,000.

UTAH ROADS WILL BE BUILT TO CONNECT WITH PIKES PEAK ROUTE ACROSS CONTINENT

Henderson, Back From Western State, Brings
News That Utah Will Boost for Colorado

Utah will develop its link of a great transcontinental highway to connect with Colorado and will give its active cooperation to the Pikes Peak Ocean-to-Ocean Highway association. At a meeting in Provo Utah Tuesday the Utah division of the Pikes Peak Ocean-to-Ocean Highway association was definitely organized for the purpose of developing and promoting the section of the highway across that state and of cooperating in a permanent way with the highway across Colorado.

While the Pikes Peak route has two western connections—one through Grand Junction and the Midland trail and the other through Rio Blanco county, the Utah people have decided to center their attention on the northern end of the route. It is known as the R. H. Meeker Memorial route. Under that name there may be established without delay at least one practical, developed route between the two states. The work necessary to place this route in first-class shape from the K ranch on the Utah-Colorado border where it joins the Meeker route through Rio Blanco county, Colorado, was assured as soon as road work can begin this spring and there is now available and on hand for the Utah work about \$50,000.

Trip Proves Successful.

Acts of Cruelty

TRINIDAD, Feb. 25.—Stories of the desperate battles between striking coal miners and mine guards in the vicinity of the Ludlow test colony were told the federal strike investigating committee late today by Charles O'Neil, superintendent of the Colorado Fuel and Iron company.

Mr. O'Neil described particularly the fighting around Berwind on October 24, 27 and 28, which he said he witnessed at close range. He declared that the attack was opened on the morning of October 24, when a strike began firing into the camp from the hills. He then recounted the fighting of October 27, the day on which a train loaded with 60,000 shells from Trinidad was turned back at Trinidad. The battle of October 28, which ended the Berwind strike, was described.

A strike was described shortly after made by E. J. Costigan, attorney for the United Mine Workers of America, that a 20,000-man strike was under way by the militiamen. The strike, J. W. Fyke, was said to be paid at the night guard post to tell the story to the militia.

Following the testimony of the chief of the militia, a witness of the strike, O'Neil, said that the militia was a strike of the militia. O'Neil, said that the militia was a strike of the militia. O'Neil, said that the militia was a strike of the militia.

HOFFMANN DINES ON SCRAMBLED EGGS AND CHOCOLATE, THEN HURRIES TO MOVIE SHOW

Famous Pianist, Here Incog for Short Rest,
Spotted in Cafe by Keen-Eyed Reporter

She took fried eggs, toast and hot tea. He ordered scrambled eggs and hot chocolate. The time was 9 o'clock last night and the couple sat at the front window of a Pikes Peak avenue restaurant, the curtains to the booth drawn back.

They were Josef Hoffmann, one of the few great living masters of the piano and his wife. Simple fare, was it not? At last one really great musician has seemingly waived artistic temperament and decided to be satisfied with the world as it was made.

If the reporter had any fears whatever when he asked for an interview with the master while still partaking of his evening meal, they were quickly set at rest upon entering the booth. A man short of stature arose to greet him, offered his hand, introduced his wife presented a cigarette and asked him to take a seat.

From then on it was just like talking to a friend of long standing. Hoffmann was dressed in a soft shirt, gray vest and brown suit. His slightly gray hair was brushed back, the face had obviously one felt like talking to a friend of long standing.

Surprised at Being Recognized.

He at first seemed surprised at being recognized, for he had hoped to be unknown while here.

With his head resting on the back of the chair and his other hand holding a lighted cigarette, he seemed unimpressed of the time.

"You see, he said, 'I just got into Colorado Springs this morning from Pueblo. I went there after my concert here Monday. My next concert is in Chicago, March 1. I am taking advantage of the opportunity to rest in this wonderful mountain climate for a few days. Who would go to Chicago when he could stay in Colorado Springs? I have a beautiful view from my room at the Antlers. A slight movement of the hand attracted the reporter's attention to the shapely fingers.

"Your hands! Are they insured?"

Both the master and his wife laughed. No, he replied, I am superstitious. If I should insure my hands it is then that something would happen. I do not want insurance—it is my hands I want.

Poke into the Vitals of Auto.

"His hands insured?" exclaimed Mrs. Hoffmann. "Well, you would hardly think so if you would see him poking his fingers and arms into the workings of the automobile at home."

The talk, or rather the talk, continued in this informal, three-cornered manner. During the conversation Hoffmann told of his early start at piano playing. He took for the last time at his first piano.

EAST AND SOUTH SHIVER IN GRIP OF SNOWSTORM

Atlantic Seaboard Even Gulf States
Blanketed Under Six
Inches of Snow

ATLANTA, Ga., Feb. 25.—The south and southeast shivered in the grip of a general snow storm, which blanketed the Atlantic seaboard as far south as southern Georgia and reached the Gulf states. Weather bureau records for from eight to 20 years were broken. Falling temperatures accompanied the snow storm in many sections.

No serious interruptions of traffic were reported but wire service was demoralized between Georgia and Florida points.

The heaviest snowfall was reported in Georgia, Louisiana and Mississippi. South and North Carolina. At Macon, Ga., the precipitation reached six inches, while an almost equal amount was reported at Augusta and Savannah. In Louisiana and Mississippi the snow began falling about noon, and at night it had been recorded from a trace in the extreme south to six inches in the northern section.

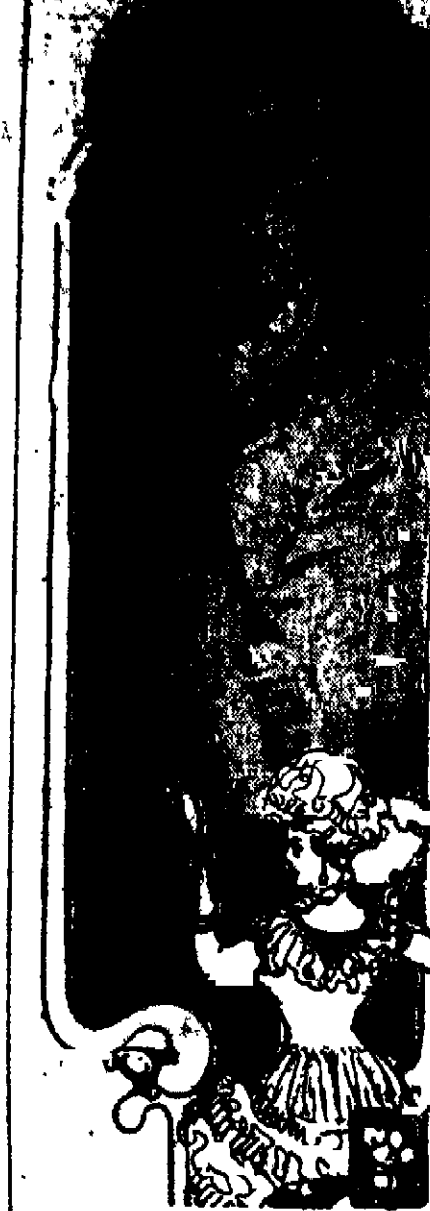

The snowstorm at New Orleans, Mobile and other Gulf points hovered about the Gulf coast, and the snow about as it fell.

By the use of Royal Baking Powder is considerable

Royal is economical, because it possesses more leavening power and goes further. Royal saves also, because it always makes fine, light, sweet food, all digestible; never wastes good flour, butter and eggs.

More important still is the saving in health. Royal Baking Powder adds anti-dyspeptic qualities to the food.

There is no baking powder so economical in practical use, no matter how fine others may be, as the Royal.

UTAH PROGRESSIVES TO MAINTAIN PARTY

SALT LAKE CITY, Feb. 25.—The convention of Utah Progressives adjourned at its first day on today a platform declaring for the maintenance of the party integrity and organization and the placing of complete senatorial, congressional, state and county tickets in the field.

Daily Fashion Note.

Copyright, 1914, by The Crispin of Fashion.

NEW YORK, February 25, 1914.

Dear Mary
The further we advance on our masculine way the more feminine we become in our dress. We are bewildered from our heads to our toes with these new fashions, and then we ask:

If you are in doubt as to how to place your ruffles and puffs, drop them over your head and tack them where they fall, the effect will be very modish and original.

As sure as day farthingales and ruffs will catch up yet. Isn't it too bad, dear, that we haven't some way of discouraging these awful things before they become a menace? If you remember, in olden times they were worn by the rich and elegant and the poor and the vulgar alike. It is a shame to see them in the hands of the modern woman. I am sure you will agree with me that they are a disgrace to the female sex.

Becker Will Run Down Murderers Herman Rosenthal

QUINCY, N. Y., Feb. 25.—As von as Charles Becker gets out of prison, he will devote all his efforts, he says, to running down the men who are responsible for the murder of Herman Rosenthal. The former New York police lieutenant, who was granted a parole yesterday for the murder of Rosenthal, declared today that he could furnish information that would bring the real culprits to justice.

"After I have done that," said Becker, "I shall be willing to go back to the police department, if they want me. If they don't, I will enter some other line of work."

"The four gunmen are terribly downhearted today because they, too, were not granted a new trial. They thought their case was tied up with mine."

"The four men who got immunity from the district attorney for swearing away my life may yet be arrested for the murder of Rosenthal. I think that Harry Valton is the man who fired the fatal shot. That's the reason he got drunk before the killing. He wanted to get his nerve up for the deed."

Becker was in high spirits today. He burst into a torrent of reminiscences, promises, threats and self-consolations.

Joseph A. Shay, his chief counsel, reached Sing Sing prison from New York today and had a conference with his client. It was expected that the remittitur from the court of appeals would reach New York today, and that Becker would be released by the sheriff and taken back to the Tombs tomorrow.

Lord Cowdry Says He Won't Purchase Mexican Oil Lands

LONDON, Feb. 25.—Lord Cowdry informed the Associated Press that there was no truth in the report current in Mexico City that it was the intention of the federal government to transfer the oil lands to him for \$10,000,000 gold after they have been nationalized by the Mexican congress.

The intention of the Mexican government to nationalize the oil lands was admitted yesterday by Querido Moheno, the Mexican minister of commerce and industry.

Cowdry in the course of a letter to a reliable source of information said: "It is a valuable live oil—oil and coal purifier. Price 50c. Sold by all druggists."

British Enterprise Is Absent in China, Correspondents Say

LONDON, Feb. 25.—Complaints on the absence of British enterprise in China are being sent by the Peking correspondents of the London papers. They allege that while numerous concessions of coal, iron and oil, have been obtained by American, Japanese, Russian, French and Belgian syndicates, Great Britain holds aloof, according to the British press, because no Britons are on the spot capable of handling the business contracts.

Britain Doesn't Deal With U. S. in Right Spirit

LONDON, Feb. 25.—The naval suggestion is made by the Daily Mail in an editorial this morning that Great Britain should have two secretaries for foreign affairs, one to manage returns with Europe and Asia in accordance with the principles governing diplomacy rooted in the idea of force, the other to conduct negotiations with the United States, from which the element of force, whether actual or implied, has been expelled.

The Mail argues that Sir Edward Grey's handling of the Vinton affair in the old and formal diplomatic way has resulted in the voluntary casting aside of many of the benefits which should accrue from the happy and peculiar state of Anglo-American relations.

"For there are sentiments, arguments and ideas," adds the paper, "that we can properly appeal to with regard to America, which would be inappropriate and ineffectual in our dealings with eastern powers, and it is so rare as to almost be impossible to find a man possessing flexibility of mind and temperament enabling him to handle a European question in one spirit today and an American question in a totally dissimilar spirit tomorrow. That is why British diplomacy in its dealings with America has so often seemed stilted, inflexible, mechanical and wanting in a real insight into the character of the American people."

President Wilson's Mexican policy is based on idealistic and unselfish principles and whatever case Great Britain submits to the judgment of the American government and people must

SUFFRAGETTES REFUSE TO PROMISE GOOD BEHAVIOR

Their Protest in Various Forms, Will Continue as Long as Justified, They Say.

LONDON, Feb. 25.—Five prominent suffragettes were brought before the Bow street police court today charged with obstructing the police during last night's demonstration in parliament square when they protested violently against F. J. Asquith's refusal to receive them.

The prisoners were Laurence House, author and artist; Emily W. Noyes, war correspondent; Mrs. D. A. Thomas, wife of the Welsh coal magnate; H. D. Harben and Miss K. Haig. The magistrate ordered Noyes to give bonds of \$25 each to guarantee their good behavior for six months. The prisoners all refused to enter into bond. In a speech from the prisoners' enclosure Laurence House said:

"I am here as a protest against the treatment of women political offenders. I shall continue to protest as long as I think it justified and necessary." In the ordinary course, offenders refusing to give bond remain in prison for six months.

Alfred Meynell, another prisoner, was charged with assaulting the police and was sentenced to pay a fine of \$10 or go to the prison for seven days.

Collectors in New York of Income Tax Rushed by Returns

NEW YORK, Feb. 25.—Collectors of internal revenue in Greater New York, who will receive the largest income taxes of any city in the country, are finding it difficult to take care of the rush of returns filed by persons whose incomes place them in the taxable class.

With four days remaining in which the returns may be made the collectors today estimated that between 35,000 and 40,000 taxable incomes had been shown in their districts which in addition to Greater New York include the county of Suffolk on Long Island.

Eleven counties of northern New Jersey, in which are Newark, Jersey City, Hoboken, Paterson and Elizabeth, must also be included because persons living in them and doing business in New York may file at the source of their incomes.

Bar Firearms From Y. M. C. A. When Two Members Are Shot

BURLINGTON, Ia., Feb. 25.—As a result of the injury of the Physical Director, Ray Lounsbury of the Y. M. C. A., and Steve Sullivan, a boy member, by the accidental discharge of a shotgun in the hands of another member, Secretary Debenham has barred firearms from the building. Lou Lounsbury and Sullivan are not seriously hurt.

MINERS AND OPERATORS WORKING ON AGREEMENT

PHILADELPHIA, Feb. 25.—Coal miners and operators from the central competitive district who have been at a standstill since January 10, agreed to a new contract.

Witness in Heppner Perjury Trial Held on Juror Charge

CHICAGO, Feb. 25.—Edwin Deuter, witness for the prosecution in the perjury trial of Miss Althea Heppner, was himself ordered taken to county jail and held on a charge of perjury today. Judge McDonald, after hearing Deuter testify that he had borne false witness against Clara S. Funk, former general manager of the International Harvester company, ordered a deputy sheriff to take him to the jail.

"Why should this self-confessed juror and conspirator go unpunished?" the judge said. "I feel it my duty to hold this witness to the grand jury."

Deuter, who was a hotel bellhop, claimed that he had sworn falsely to give evidence against Funk and Mrs. Heppner, whereas, he had never seen either of them.

"I didn't know Mr. Funk," he said. "I didn't know he had a wife. I didn't care about that. I wasn't bothering about him."

LONDON, Feb. 25.—Two Americans have been captured and carried off by Albanian brigands, according to a telegram received at Vienna today from Kibrevan, Albania, which was forwarded to the Central News agency.

FIRST LINCOLN HIGHWAY SIGN PAINTED IN 'FRISCO

SAN FRANCISCO, Feb. 25.—After painting the first Lincoln highway sign on a street post in Market street today, H. E. Frederickson, consultant for the highway, left with a party of pioneers in a pathfinding automobile to blaze the highway through California, painting poles as they go. Their route is by way of Truckee 270 miles distant, in the Sierra Nevada, and a sign is to be painted in every city block and every mile of country road.

QUARANTINE M. U. GLEE CLUB AT ALBUQUERQUE

ALBUQUERQUE, N. M., Feb. 25.—Twenty-eight members of the University of Missouri Glee club, traveling in a private car, were quarantined here this afternoon when it became known that two students had smallpox. The singing have been appearing at the Santa Fe lines upon redway's reading room entertainment course.

An Invitation to Women

No sufferer from any ailment should neglect the best of any medicine who has not had special training in the care of the female system. I therefore invite every woman to consult our Staff of Physicians, Surgeons and Specialists at the Institute for the Study and Surgical Institute, Buffalo, New York, by letter or personally at my apartment.

R. V. PIERCE, M. D., Buffalo, New York.

Remember your daughters as they turn into women are subject to the same sufferings—to the headaches, back-aches, hot flashes, dizziness, extreme nervousness, low spirits, lassitude which afflict so many women at times. But the condition indicated by these symptoms may be remedied if the proper help is sought promptly.

DR. PIERCE'S Favorite Prescription

(In Tablet or Liquid Form)

is prepared under the direction and according to the directions of a physician of long and varied experience in the treatment of the troubles of the organs peculiar to women. It is soothing and strengthening. It is, indeed, a restorative, invigorating tonic which has lasting good effect upon the health and strength of women. Weak women are made stronger; sick women healthier by use of Dr. Pierce's Favorite Prescription.

Two Daughters Given Health

For my two daughters, I have used Dr. Pierce's Favorite Prescription. They were both very weak and sickly, but now they are both healthy and strong. I am sure that this medicine has done more for them than any other I have ever used.

Dr. Pierce's Pleasant Pellets help regulate stomach, liver and bowels. One to three tiny granules a dose. Pleasant to take as candy.

COOL MILLION COST OF FDS TO MAJORS; \$400,000 IN PLAYERS

Loss of Stars Ours Deep Into
Profits; Increased Salaries
Also Hurts Rolls

Patrons Will Decide Fate of
New League at the Turn-
stiles This Year

NEW YORK, Feb. 25.—The raiding
Federal leaguers already have cost
organized baseball more than \$1,000,-
000, according to the best estimates at
hand. And the playing season still is
six weeks away.

This loss has been occasioned to
organized baseball through being
forced to pay increased salaries, un-
der long contracts, to all players who
remained loyal, and through the fact
that every major or minor leaguer
who jumped to the Feds meant a mon-
etary loss.

If Otto Knebe, the second sacker,
had remained with the Phillies, they
could have sold him at any time for
something like \$10,000. Brennan, the
Phillie pitcher, would have brought
at least \$4,000. Russell Ford, the
Yankee twirler, could have been sold
by Frank Farrell to the Cleveland
Naps, or to any one of several other
clubs, for about \$7,000. Cy Falken-
berg, the elongated Nap twirler, would
have brought around \$7,000 perhaps
more had he been placed on sale.

Blonding and Kahler, the other Nap
twirlers who jumped to the Feds,
would have brought at least \$4,000
each.

Party Civic AA Men Jump.
Tinker's value was fixed at \$15,000;
George Stovall, Mordcaid, Brown,
Pitcher Knicker, Catcher Nixon and
the others who jumped from the ma-
jor league ranks, were valued at
about \$10,000 each. More than 40 players from
the C. C. A. organization have
jumped to the Feds, and such of these,
at a conservative estimate, has a cash
value around \$10,000.

Incident Gilmore of the Feds states
that his organization already has cor-
rupted 143 players, and that before the
season opens he will have at least 200
players lined up. Of this number, about
160 will be players that have been
taken away from organized baseball.
Placing the average value of each
of these players at \$2,000, a low estimate
—it will be seen that organized base-
ball has lost something like \$340,000
worth of players during the two months
of Federal activity.

The other great loss suffered by the
organized baseball magnates is in the
high salaries they have had to pay
their men, not only for the coming
season, but for the next two and three
seasons. The Brooklyn club furnishes
an excellent example of this.

Charles H. Ebbets, the Dodgers owner,
was in Porto Rico when the news
of Tinker's desertion and the raids of
the Federals came to him. He jumped
the first boat for the United States
and, immediately upon landing, set out
to lure his players and the team so
that they couldn't get loose.

Had to Boost Salaries.

Ebbets knew it was a case of paying
the men the salaries they demanded
or leaving them open to jump to the
Feds. Ebbets didn't parley much. He
paid the men what they wanted and
that means that he paid many of them
from \$1,000 to \$2,000 more than they
got last year, and just that much more
than he would have paid them this
year if it hadn't been for the activity
of the Feds.

Not only did Ebbets sign up his men
for one year, but he got their signa-
tures for two and three years. He
wanted Ed Ruelbach, the big pitcher,
to sign up for five years, but Ed turned
him down. It is said that Ebbets even
went so far as to go to players who
were under contract for 1914, and thus
immune from the Federal attacks of
the present, and offered them contracts
for 1915 and 1916 at increased salaries.

Ebbets admits that the signing up
of his players this year cost him be-
tween \$50,000 and \$75,000 more than
he expected it would cost. Ebbets
perhaps lost more money this way than
did the other 16 magnates in the big
league, because he had more players
on the reserve list than did the others.
But from all the information that can
be gathered, it seems that it cost each
major league magnate about \$20,000
extra to sign up his players this year.
There are 16 magnates, so the total is
\$320,000.

The 16 magnates of the two Class
AA organizations are said to have
paid out at least \$12,000 more apiece to
sign up their men than they did last
year, which adds about \$192,000 to the
total. The smaller organizations lost
but little—\$20,000 perhaps will cover
their total—because the Feds passed
most of their players by directing their
efforts to getting the major leaguers
of the Class AA men.

Attendance to Be Cut.

These figures, totaled together, will
show that the "joke" Federal league
has cost the organized baseball people
just about half of the combined profits
they looked for in 1914. And from
all that can be noticed just now, it
looks as if the Feds are going to cut
into the attendance of organized base-
ball in 1915 in such a way that or-
ganized baseball's vast profits of the
year gone by will be a thing of the
past.

Taft Turns Down Offers for Cubs; Many Want Club

CINCINNATI, Feb. 25.—After a
brief talk with Louis J. Behan of Chi-
cago, an attorney representing a syn-
dicate which desires to purchase the
stock in the Chicago National league
club held by Mr. Charles P. Taft of
this city, Mr. Taft definitely refused
the offer made by Mr. Behan, and the
latter left for Chicago.

Mr. Taft tonight declined to make
public any statement as to the amount
he was offered for his stock, nor for
what he would be willing to sell it,
but it seemed probable that control
of the Chicago club will remain in his
hands for some time.

Nothing has been done in selecting
a president of the club, and it is be-
lieved that no appointment will be
made until Mr. Taft decides whether
he will retain or sell his stock.

CHICAGO, Feb. 25.—The syndicate
composed of William Hale Thompson,
James A. Fugh and Charles A. Mc-
Culloch took hope today that it might
have a chance to buy the Cubs when
news came from Cincinnati that Mr.
Taft had rejected the bid made by
Louis J. Behan on behalf of other Chi-
cago capitalists. Mr. McCulloch, id,
however, that his group would take
no further action until Mr. Taft an-
swers their telegrams asking if his
stock in the club was for sale. So far,
he said, Mr. Taft had not acknowledged
having received one of the numerous
messages sent him by the Thompson
syndicate.

Frank McNichols, who represents
another syndicate, Aas due in Cincin-
nati this afternoon, it was said at his
office here.

ILLINOIS SWIMMERS ASKED TO COMPETE AT HONOLULU

SAN FRANCISCO, Feb. 25.—The
Illinois Athletic club has been asked
to send a team here to participate in
a swimming contest to be held here early
this summer. Duke Kahanamoku of
Honolulu, the world's champion, and
other well-known swimmers have been
invited to take part.

"TOM" SHARKEY MUST GO TO JAIL FOR RUNNING SALOON

NEW YORK, Feb. 25.—"Tom" Shar-
key, former pugilist, will have to serve
out his term of 30 days in the Tombs
and pay the fine of \$500 inflicted on
him for maintaining the saloon on
East Fourteenth street, which the
court of special sessions decided was
a disorderly place. Justice Cohan
refused Saturday to grant a coeffi-
cate of responsible doubt to Sharkey.

MURPHY'S "N. G." MEANT MONEY TO SEVERAL EX-CUBS

"What Da Ya Me-n You Lost
Your Job?" Evers to
Tinker to Chynoe

When Murphy Fled a Men All
Managers Wanted Him and
Paid Him Well

By FRANK G. MENKE

NEW YORK, Feb. 25.—The business
of laboring for Charles Webb Murphy,
of the Cubs, may have had its draw-
backs, but it also had its benefits, as
shown in the case of Frank Chance,
Joe Tinker and Johnny Evers.
Murphy excommunicated Chance as
manager and player, remarking at the
same time that Chance was "through"
as a player and that Chance never
was such a wonder as a leader—that
the team under him was responsible
for the great showing during the years
Chance was at the helm.

What happened? Well, a half dozen
teams indulged immediately in a mad
scramble for Chance's services, with
the result that the Yankees finally
harpooned him, contracting to pay
him what is reputed to be the largest
salary ever given a manager.

Murphy let Tinker go to the Reds
in the fall of 1913 because he figured
Joe was about through as a ball
player. The result was that Joe had
his best year in 1914, batting .318, the
highest he ever compiled, and leading
the second sackers in fielding. And
then when McLean offered him on the
auction block Ebbets, of Brooklyn, bid
\$25,000 for him—the record price of-
fered for a ball player.

But Joe jumped to the Feds and
by so doing assured himself of a three
year salary at \$12,000 a year—perhaps
the biggest ever paid a ball player.

And then Evers' Ralvus.

And then the Evers episode.
Johnny drew down \$10,000 a year as
manager and player last year and
thought that much. But Murphy rejected
some cunning fluid in his system a
couple of weeks ago and the result
was that James Gaffney, of the Evers
Brav, nabbed Evers off and willingly
agreed to pay him \$10,000 a year just
for his services as player, and in ad-
dition gave him a bonus of \$20,000 and
also agreed to give him additional
bonuses in case the Braves finished
near the top.

Don't you wish you were working
for Murphy and that he suddenly de-
cided to let you loose?

Ebbets Wants His \$15,000.

Charles H. Ebbets, the Brooklyn
magnate, is poring over the statutes
these days trying to discover some
law whereby he can have James A.
Gilmore, president of the Federal
league, arrested. But Gilmore isn't
worrying.

"If Ebbets wants to have someone
pinched," remarks Mr. Gilmore, "he
ought to pick out Garry Herrmann."

It all comes about over the Tinker
mixup. Herrmann sold Tinker to Eb-
bets for \$15,000 and Ebbets turned over
the check to Herrmann. According to
Ebbets, Herrmann had the check
cashied, pocketed the \$15,000 and now
refuses to give it back to Ebbets, al-
though Ebbets never got value re-
ceived because the "value received"
(Tinker, by name) jumped to the Feds.
"I think I've got a case against that
Gilmore fellow," asserts Mr. Ebbets.
"He went and grabbed off my prop-
erty. Tinker was property. I bought
him from Herrmann. When someone
takes your rightful property doesn't
that constitute theft? Certainly it
does. And I guess I've got a case
against Gilmore. I'm busy just now
figuring out how strong my case is."

When this was put up to Gilmore,
he grinned, and said: "I feel awfully
sorry for Ebbets. From all I know
he is a pretty nice fellow. But he
needn't figure on having me jailed.
The fellow he ought to jail is Herr-
mann because Herrmann sold him
something that he didn't own. Tinker
was held to the Cincinnati club only
by the reserve clause and it is our
contention that the reserve clause is
not legal."

"If those organized baseball people
think they have a legal right to a
man through the medium of the re-
serve clause; why don't they go into
court and try to prove it?"

Moffat, Famous Drop Kicker of '80s, Is Dead

NEW YORK, Feb. 25.—Announce-
ment was made today of the death
Monday of Alexander Moffat, famous
as a Princeton university football
player of the early '80s, and closely
identified with the game as advisory
coach, member of rules committees and
official ever since. He was 51 years
old. Death was due to pneumonia.

Moffat was one of the greatest drop
kickers the game ever produced. He
was able to score from long ranges
with either foot, and his record of four
field goals in one game against Har-
vard ranks with the best recent per-
formances of Charles Brickley. He
was a member of the Princeton foot-
ball teams of 1882, 1883 and 1884,
playing fullback.

Moffat was born in Princeton, N. J.
He is survived by a brother, William
D. Moffat, and a sister, Mrs. Robert
Sterling Yard, of Glen Ridge, N. J. He
was a member of the Princeton col-
lege, the University club and of the En-
glish club. He was a son of Prof.
James C. Moffat, who for 40 years
was a teacher at Princeton. Mr. Mor-
fat was a civil engineer.

SASANO AFTER NEW MARK IN HALF MILE AT MEET

Japanese Distance Runner at College
Anxious to Cut Down Time;
Ran in 2 Flat in 1912.

Kakutarō Sasano, a Japanese student
at Colorado College, may be one of
the surprises of the indoor meet at
Denver Saturday night. Sasano, who
three years ago trod the cinders for
Cutler academy, has had ambitions
since to run the half-mile race just a
little faster than any other athlete in
the conference, and he has been fitting
himself for that end. Weak ankles
have deterred him in the past, but this
year Sasano believes that he will be
in the best of shape. He has been
running every day to get in good trim
for the circular event in the Auditor-
ium in Denver, Saturday night, and
Coach Rothgeb believes that the lad
will make a surprising showing. Sas-
ano has a record of two minutes flat
for the event, and believes that he can
do better than that.

Other members of the track team are
in good condition for the meet—as
good as could be expected with so lit-
tle outdoor training work. Mack
Davis, the kingpin of the team, is do-
ing his stunts daily and looks good for
first in all events in which he is en-
tered.

Almost all the track men have been
training as much as the weather would
permit, and expect to go to their first
indoor meet primed to meet other star
performers.

Heckinger Deserts and Signs With Federals

CHICAGO, Feb. 25.—Mike Heckin-
ger, the catcher sold last summer by
the Chicago Nationals to the Brooklyn
club, has been sold to the Federal
league. It was rumored that he would
join the Chi-go Federals, but he told
Charles Waghman, president, today,
that he had signed a contract with
Brooklyn.

Hugh Bradley, the former Boston
American first baseman, is likely to
become a Chicago Federal, and if he
is awarded to Tinker's team, Fred
"Red" Beck will be moved to the outfield,
thus giving the local club a good trio
of gardeners with Swilling and Wick-
land.

John Evers, former manager of the
Cubs, said today he had received legal
advice to the effect that the bonus
promised him for signing a Boston
contract could hardly be denied him
now. He expects to start for Boston,
Ga., his team's training grounds, next
Saturday.

Mathewson and Tesreau Consider Federals' Offer

LOS ANGELES, Feb. 25.—Christy
Mathewson, the Giant star pitcher, who
has been offered the berth of manager
of the Federal league Brooklyn club,
left here today for Marlin Springs,
Tex., the spring training camp of the
New York Giants. He carried with
him his unsigned contract to play
with the Giants, and while reiterating
his intention to seriously consider the
Federal offer, declared he was confi-
dent of coming to terms with the New
York National league team.

Jeff Tesreau, another Giant pitcher,
also left for Marlin Springs today. He
likewise has been offered a Federal
berth, and was quoted as saying today
that he would jump organized baseball
if the Giants did not meet his terms.

LOS ANGELES, Cal., Feb. 25.—Be-
fore signing a contract with the Giants
or accepting the proposition of P. A.
Gilmore to name his own terms
for managing the Brooklyn Federals,
Christy Mathewson said today that he
would talk the matter over with John
McGraw, the manager of the Giants, or
some representative of his.

Mathewson was planning to leave
today for the Giants' spring training
camp, at Marlin Springs, Tex., where
he expected to meet McGraw, or some
other official of the club.

"Some people have the report that I
have already signed my contract with
the Giants," said Mathewson today. "I
have not and I am considering the of-
fer of the Federal league. I shall de-
cide on neither proposition until I see
McGraw or someone else in authority
at Marlin."

Mathewson said that beyond mailing
him a contract, as required by Nation-
al league laws, the Giants so far had
not communicated with him, nor had
any of the league officials. He is
therefore a "free agent" and at liberty
to bargain with the Federals, or to
play Gilmore's proposition for better
terms than the New York Giants, he
said.

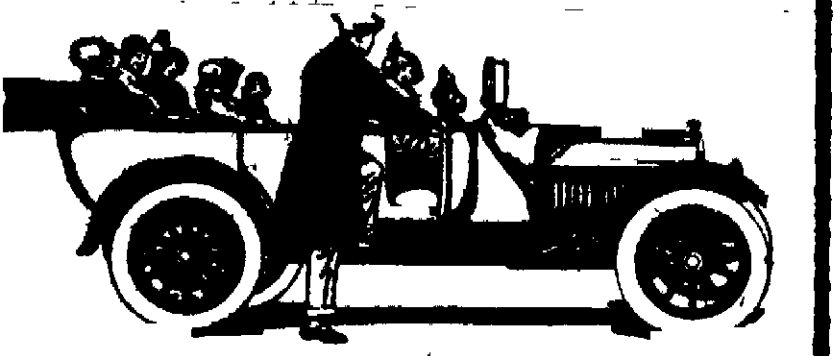

Sore Arms Result in Calling Off Game in Pueblo With Cental

The Terrors will be deprived of the
pleasure of meeting the basketball
team from Pueblo Central High school
tomorrow night, due to a smallpox
scare. The members of the Central
team are suffering from sore arms via
the vaccination route, and do not feel
equal to the occasion of meeting the
fast Terrors.

To take the place of the team the
Terrors will meet a quintet of the fast-
est basketball men in town, Friday
night, in an exhibition game. The
contest will start at 8:00 o'clock.

HUDSON Sixes

\$1400 \$1750 \$2250

54 of the 79 Automobile exhibitors at the 14th Na-
tional Automobile Show held in New York Jan 3 to
10 this year, displayed six-cylinder cars. Eighteen
showed six exclusively.

That affirms the dominance of Sixes.

A \$1750 Light Weight Six

The new HUDSON Six-40 is, in these ways, the most
interesting car of the year.

It is the handsomest design produced; almost
identical with that distinguished car the new HUD-
SON Six-54.

It costs less than any comparable Four.

It weighs less than any comparable Four.

And it costs much less to operate.

These statements are true, and, being true, they mean

that no man paying over \$1500 can wisely buy a Four.

Sixes have too many advantages. They are smooth-

running, flexible, free from vibration. They ride like

constant coasting. And they save on tires.

Four-cylinder cars have long been unsalable at any

price which bought a good Six.

NOW COMES A NEW ERA

Now comes a Six built on new principles, first

worked out in Europe. A small-bore, long-stroke Six—

a light-weight Six—a Six which consumes less fuel, by

far, than any Four of equal power.

Now, for the first time, Economy itself comes on the

side of Sixes. The price is less, the weight is less, the

upkeep less than Fours. That makes this Six-40 fairly

irresistible to men who want cars in this class.

DERIDES PLACE CELEBRATION
George Bernard Shaw and I, from the Philadelphia Ledger.
LONDON—George Bernard Shaw, when asked what he thought of the peace centenary celebration, said: "My view of it is that the celebration is the greatest nonsense ever conceived, even by the Anglo-American race. Here are two peoples, who individually and collectively loathe and detest each other and have done so for the last century.
"Suddenly they realize they haven't fought each other for 100 years. Immediately they wish to raise a big sum of money in order to celebrate the event by slobbering over one another.
"Now, if they had been fighting each other for 100 years and suddenly stopped, I would be able to understand such a movement. But for two unfriendly nations suddenly to conjure up feelings of thanksgiving because they happened to behave like decent citizens, although all the time ready to slit at each other's throats, is beyond my powers of comprehension.
"I might just as well wish to cele-

<p>"But I wouldn't celebrate it," replied Sha'n.</p> <p>"Well, how would you celebrate not punching anyone's head for a day?"</p> <p>"Well, I might go get mad drunk; I might erect monuments, but when it comes to peace celebrations I'd rather not try to imagine the Anglo-American getting drunk."</p> <p>Yes, I think monuments would be the best for the present occasion. You see, there wouldn't be any lies told except when the speeches were made unveiling them, and in the inscriptions. It might be unacceptable, but it would be unique. Yes, on the whole, I favor monuments for the celebration of the Anglo-American peace centenary."</p>

WILL'S SPACKMAN & KENT

SELL RESIDENCE PROPERTY

Mrs. Ella Altman has purchased the two-story house at 1111 Colorado avenue, from Mrs. Marguerite Schmitt through the firm of Willis, Spackman and Kent. The property had been held at \$7,500. Mrs. Altman recently sold her residence on Cascade avenue to A. W. Markshoffel for garage space.

Just to see Helen Keller smile is priceless privilege. Don't miss seeing her and hearing her wonderful message. The Burns, tomorrow night.
